# EXCELLENCE IN DESIGN

Hyde House works in a plethora of finishes including fabric, leather, veneer, glass, mirror, metal, gilt and paint finishes as well as our patented furniture finishing system: RESINATE™.

We are proud to exhibit our designs annually at Decorex International and have been doing so for over 13 years.

# RESINATE™

## ENDLESS POSSIBILITIES

Hyde House has developed, patented and trademarked a unique and highly durable finishing system that allows you - the designer - to specify your wallpaper to be RESINATED to be used as the perfect and robust finish on cabinetry, tables, free standing furniture, wall panelling, headboards, vanity units and much more!

You can specify this finish on endless furniture designs, using infinite options of customers' own wallpaper...exclusively with Hyde House.

Select your wallpaper of choice to be used as a finish for your custom made furniture

Hyde House custom make your specified furniture design, which is then finished in RESINATE™ by our talented craftsman

Beautiful, bespoke furniture featuring your unique chosen wallpaper in RESINATE™ which will last for many years to come
